MEDIA STATEMENT: EXPLOSION AT BAYSWATER DISTRIBUTION CENTRE

On Monday, 23 February 2026, at around 21:15, we had experienced a power outage as a result of an explosion on one of the 132/33 KVA transformer at Bayswater Distribution Centre which left some parts of the city without electricity.

The Mangaung Fire Brigade were called and are currently on site to extinguish the fire.

The preliminary investigation will be conducted to determine the cause of the explosion and the extent of the damage on the network.

Our teams are already on site working to restore power to all affected areas. Estimated restoration time is plus/minus 24 hours.

Further details will be given once new information becomes available.

Issued by Communications and Marketing.
